Soviets in Action Against Tibetans

GANGTOK, Sikkim (Reuters). — Authoritative sources said here on Wednesday that Soviet Forces had gone into action against the rebels in Tibet.

Third Ranking Lama Escapes to India

GANGTOK, Sikkim (Reuters). — Tibet's third highest lama, the 25-year-old Tsechu Rimpoche, who arrived here several days ago, has been told that the Chinese have taken over his monastery near Shigatse with its 500 monks, he told interviewers.

The boy, the Sakya Lama, ranks third after the 25-year-old Dalai Lama, now living in exile in Mussoorie, India, after fleeing from Lhasa last March, and the 21-year-old Panchen Lama, whom the Chinese installed as head of Tibet's new Government after the March revolt.

The Sakya Lama arrived here with his 54-year-old mother, Tinkye Tsamang, his 22-year-old sister, Chemo, and 12 high lamas from his monastery of Sakya.

Asked why he had left Tibet, the lama replied, "We heard on the radio that the Panchen Lama had left Lhasa and gone to India and there was much trouble. We decided we must leave."

The Sakya Lama and his party, consisting almost entirely of monks, had been in Tibet for six nights to reach Sikkim along a zigzag route to avoid Chinese troops.

Full Repatriation Of Investment Profits Likely

POST Economic Reporter

Regulations permitting unlimited repatriation of profits by foreign investors are to be published in the near future. It was reliably learned in Jerusalem on Wednesday. The liberalization of existing regulations will probably be announced with the conclusion of a Treasury study.

The Controller of Foreign Currency on Wednesday is using new regulations to banks permitting them to purchase foreign currency from returning Israel tourists at a free rate of exchange. The new regulation came in the wake of complaints by Israel tourists who returned to Israel with part of the \$100 they had bought at the free rate before departing. They could only get the official rate of \$11.800 per dollar, while they had paid about \$12.500 per dollar.

They will now be permitted to purchase foreign securities through local banks with this money and then resell these securities at the free rate of exchange.

A Rose For Anne Frank

Millie Perkins plants the "Anne Frank Rose."

Jerusalem Post Reporter
Millie Perkins, the 22-year-old ex-model from New Jersey who was catapulted into film stardom with her portrayal of the title role in "Anne Frank," yesterday planted a rose in Jerusalem in memory of the martyred Dutch girl.

Miss Perkins planted the "Anne Frank Rose" in the Dionysia Garden of the International Cultural Centre for Youth in Jerusalem's German Colony.

This was the first event of the young actress' three-day round of activities in Israel. At noon, she was received by Mayor G. Agron, who presented her with a specially designed Hebrew edition of the "Diary of Anne Frank." Afterward, she was shown around the archives of Yad VaShem.

At lunch, she was the guest of the Tourist Corporation at Hesse's Restaurant.

The slim film star, daughter of a sea captain, was dressed simply in a high-necked white blouse, black pleated skirt and green raincoat. Her short-cropped black hair was styled in a bob.

Nasser Says He Does Not Want To Meet B-G

WASHINGTON (INA).

Abdul Nasser told a group of seven members of the pro-Arab American Friends of the Middle East that he thinks Israel has learned that Premier David Ben-Gurion's policy of "forcing peace with the Arabs" was unworkable. He also said he was unwilling to meet the Israel Prime Minister as long as Israel "does not comply with U.N. resolutions" on the refugee and border questions.

The 50-minute meeting with the group took place at Nasser's home in the Cairo suburb and was reported on Wednesday by Milt Freudenheim, U.N. correspondent of the "Chicago Daily News" who joined the group.

Nasser described the "great welcome" he received on his visit to Moscow and Russian promises to continue loans despite the U.A.R. action against local Communists.

He claimed that he had been against Communism from the very beginning of his rule and expressed his belief that the U.S. today has come to understand his policy of "neutrality."

Khrushchey Sure Geneva Will Succeed, Ridicules Berlin Plan

Claims Russia is UAR's Best Friend

BOMBAY (Reuters). — Mr. Nikita Khrushchey, the Soviet Prime Minister, declared in an interview published on Wednesday that the people of the U.A.R. have no more sincere and true friend than the Soviet Union.

The Bombay weekly "Hindustan" published the authorized text of an interview which "Hindustan" Editor, Mr. R. C. Karanjia, had with Mr. Khrushchey in Moscow.

He asked, "Taking into consideration their present state, what are the prospects for relations between Russia and the U.A.R.?"

Mr. Khrushchey replied, "We, properly speaking, have no conflict at all with the U.A.R."

He said, "We do not demand anything of the Arab Republic, or for that matter of any state. We intend to go on basing our relations with the U.A.R. on equality, respect for sovereignty and mutual advantage."

"The Soviet Union has never interfered in the internal affairs of other states and never intends to. The People of the U.A.R. have no more sincere and true friend than the Soviet Union."

Mr. Khrushchey said, "We have done much to help Egypt, but now, for some reason, Nasser has forgotten about it and says that during the Suez crisis he had relied only on himself and Allah."

Friendship Reciprocal
"Nasser may find himself under the U.S. saddle. Then he will get to know from practical experience what Soviet Socialist policy is like and what American policy is like."

Mr. Khrushchey added, "Friendship is a reciprocal thing. And if now the U.A.R. leaders do not want to have friendly relations with the Soviet Union, that is their own business."

"We shall live it through somehow. If there is any detriment from it, it will not be for the Soviet Union at any rate."

Adenauer Reported
Decided on Erhard

BOON (UPI). — Chancellor Konrad Adenauer was reported on Wednesday to have finally decided to name Vice-Chancellor and Economics Minister, Ludwig Erhard, as his successor.

The Chancellor met with President Theodor Heuss for a short time and a half-informed Government circles said that besides discussing foreign policy and the Geneva conference, the two men dealt thoroughly with the question of who is to succeed Adenauer when he becomes President of West Germany in July.

Erhard, prime figure in West Germany's economic recovery, is top contender for the Chairmanship. Adenauer was reported earlier to have favored Finance Minister Franz Ertl.

French Forces Kill
71 Algerian Rebels

ALGIERS (Reuters). — French military sources reported Wednesday night that French troops with air support have killed 71 Algerian insurgents in the mountains of the Aurès region, about 160 kilometers southwest of Algiers.

U.S. Aircraft Rams
Barracks in Japan

FUKUOKA, Japan (UPI). — A giant American air freighter crashed on Wednesday into the barracks of a U.S. maintenance squadron at Ashiya base, outside this south Japanese city, killing at least three servicemen — the pilot and two men in the barracks — and injuring 12.

6 Die in Rio Flood

RIO DE JANEIRO (Reuters). — At least six persons died on Wednesday during a two-hour down-pour which flooded the main streets of this city to a depth of one metre and paralyzed suburban train services.

Herter Hits Back at Gromyko

GENEVA (Reuters). — The U.S. on Wednesday attacked Russia for accusing the West of bad faith at the Geneva foreign ministers' conference.

Secretary of State Christian Herter recalled that Soviet Foreign Minister Andrei Gromyko had charged that the Western proposals before the conference were designed to bring about disagreement.

"We take particular exception to Mr. Gromyko's charge that the Western peace plan was formulated with the objective of reaching disagreement rather than agreement here," Mr. Herter said.

In one of the toughest speeches he has made at the conference, he told the Soviet Minister, "This is an unusual charge of bad faith to inject into a conference such as this."

Mr. Herter urged the Soviet Union to get down to "serious discussions" on the Western plan, which embraces an overall German settlement, European security measures and cuts in global forces.

Both Mr. Herter and Mr. Selwyn Lloyd, British Foreign Secretary, again rejected Russia's main proposal before the talks, a four-month-old draft peace treaty supporting a neutralized, divided Germany.

Commenting on the future of Berlin, Mr. Lloyd said the will of the people of the city must be allowed to prevail in any settlement.

The conference resumed as the Western powers were reported to have drawn up a 10-point series of principles for a peace treaty for Germany.

A usually reliable source said the principles included the right of an all-German government to have complete sovereignty in both its internal and external affairs.

He said the method of German reunification set forth in the Western package plan was "a product of unrealistic thinking which cannot provide a basis for a settlement." It called for establishment of a united Berlin, he said. "In other words, they proposed that the Government of the German Democratic Republic (East Germany) should give up the capital," he added.

"Is that Government supposed to transfer its capital elsewhere? Is it supposed to transfer to Mars or Jupiter? No reasonable person can hope for a solution on that basis."

He condemned the West's plan for free elections, which he said calls for a commission of the two German states with voting 25 to 10 in favor of West Germany, and reasserted the Russian argument that reunification is a matter for the Germans themselves.

Mr. Khrushchey denounced the "irresponsible talk" of American generals and said they were "speaking about a basis for a peace treaty when they are talking about a peace treaty."

He claimed that the Soviet Union had a four-year lead in ballistic missiles.

"We have ballistic missiles against which there is no defense," President Eisenhower said recently that the U.S. has entered the intermediate stage from aircraft to rockets. We entered this stage four years ago.

"The U.S. is behind us at this stage but we know this will not remain so for long. But, in the meantime, we won't do any Russian morning," he added.

'We Won't Start War with U.S.'

MOSCOW (Reuters). — Premier Nikita Khrushchey has prophesied success for the Geneva foreign ministers' conference, saying Russia is willing to "go a long way to get results," but not on the basis of the Western package plan.

In a 70-minute talk with 36 American businessmen on Tuesday, Mr. Khrushchey said he believed Russia and the U.S. would never fight each other, and affirmed that Russia would never launch the first rocket against America.

The Soviet Prime Minister's remarks were reported by Mr. Ralph Benick, President of the Radio-Television News-Association, and Mr. Thomas Fleming, a Florida banker.

He said the method of German reunification set forth in the Western package plan was "a product of unrealistic thinking which cannot provide a basis for a settlement." It called for establishment of a united Berlin, he said. "In other words, they proposed that the Government of the German Democratic Republic (East Germany) should give up the capital," he added.

'Mottel' Kadar to Be Charged With Murder, Bank Robbery

Jerusalem Post Reporter

TEL AVIV. — The State Attorney is to charge Mordechai Kadar (Mottel Krevitsky) with murder, bank robbery and burglary, all three crimes allegedly committed eight years ago or more. Kadar, who is in solitary confinement, was informed of this on Wednesday by Ehud Saporta, of the Criminal Investigation Division of the National Police Headquarters.

Kadar, aged 30, of Hadera, will be charged with the murder of Yosef Lipkhar, a Hadera taxi driver, on December 5, 1950; with stealing IL10,000 from the Workers Loan Fund Bank in Afula in an armed hold-up, together with two accomplices, on September 30, 1951; and with burgling a house in Kfar Shmaryahu, also in 1951.

Accomplices Confessed — His two alleged accomplices in the bank robbery reportedly confessed when confronted with new evidence, and one signed a statement at the State's evidence. It is understood that both are married, that they now hold residence permits.

Diplomat's Wife Traces Stolen Brooch

By PAUL KOHN

Jerusalem Post Reporter

TEL AVIV. — The wife of the U.S. Naval Attaché became a diplomat-detective last week to enable police on Wednesday to arrest a suspect in the theft of IL400 worth of jewelry from the Ramat Gan home of the former Brazilian Minister last Christmas Eve.

Whitewash window shopping last week Mrs. Donald Higgins saw a jade pin at the Dan Hotel jewelry shop which closely resembled the one stolen from her good friend, Mrs. Nelson Tabajara de Oliveira, the wife of the former Brazilian Minister and now Ambassador to Poland. Mrs. Higgins told The Jerusalem Post that she knew that the Brazilian lady had had her jade pin repaired in a certain way, "and I thought it strange that a similar pin should be mended in exactly the same manner."

She informed her husband, Navy Captain Donald C. Higgins, who reported the suspicions to the Tel Aviv District Police.

Mrs. Higgins said that Mrs. Tabajara de Oliveira attached considerable sentimental value to the pin, a gift from her mother.

The burglary was accomplished without forcing entry, and at the time suspicion fell on the Minister's chauffeur, who had a set of duplicate keys, which he claimed to have lost. The driver's brother-in-law was also questioned.

The police investigation revealed that the jeweler shop owner had bought the pin through a respectable diamond merchant, acting as agent, who in turn had purchased it from another. The original purchaser had paid by cheque, which, it turned out, had been cashed by the Minister's chauffeur.

A cable has been sent to Mrs. Tabajara de Oliveira in Warsaw that her pin has been recovered.

Lebanese May Have To Repair Boat Here

Jerusalem Post Reporter

TIBERIAS. — The owners of the Lebanese fishing boat which capsized Monday near Haifa, may have to repair the vessel repaired at the Tel Aviv shipyard at a cost of IL250, or have it hauled overland to the border at a cost of IL100. The Israel-Lebanon B.O.A. here is awaiting instructions.

The boat's crew of two will be returned to Lebanon at noon on Thursday by the M.A.C. The boat, however, cannot be put out to sea under its own power.

Factory Storekeeper Commits Suicide

BEERSHEVA. — The chief storekeeper of the Hama Ceramics factory here, Benjamin Arret, aged 50, committed suicide on Wednesday morning by shooting himself in the head. He was taken to the Beersheva Hadassah Hospital and from there to Jerusalem, but died on the way.

He left a letter to the police, the contents of which were not released.

Arret came to this country in 1939 after escaping from Poland where his wife and child were killed by the Nazis. It is learned that he was depressed lately because his application to remarry had been denied by the Rabbinate for lack of conclusive evidence of his first wife's death.

Malben Director Buried in Tel Aviv

TEL AVIV. — Over 2,000 mourners participated on Wednesday in the funeral of Dr. Dov Pliskin, the Medical Director of Malben who died on Monday. The body rested in state at the JDC building in Tel Aviv from 10 a.m. till noon, when the funeral left for the Kiryat Shaul cemetery.

Among the mourners were many Malben staff members, the Director-General of the Ministry of Health, Knesset Members, representatives of the Jewish Agency and the Israel Medical Association.

Shoshana Rabany Laid to Rest

TEL AVIV. — Prominent figures from the art world and numerous friends attended the funeral here on Wednesday of Mrs. Shoshana Rabany, one of the country's leading art collectors, who died on Tuesday after a short illness.

PUBLISHER IMPROVING AFTER HEART ATTACK

HAIFA. — Mr. Rudolph M. Hennick, of Waterbury, Conn., publisher, publisher, of two dailies in his state, the "Nauvau Daily News" and the "Litchfield Enquirer," has suffered a heart attack here and is confined to the Elisha Hospital on Mt. Carmel. His condition has improved and he expects to be discharged from hospital in a week or two.

Mr. Hennick, a leading figure in Jewish affairs in Connecticut, is also chairman of the Board of Police Commissioners in his hometown. He and Mrs. Hennick are in Israel on their first visit.

AFETY. — Traffic in Vienna on Friday morning will have its headlights full on in broad daylight in memory of people killed on the roads, in a great campaign to stop traffic accidents.

Mollet Day in Tel Aviv

Jerusalem Post Reporter

TEL AVIV. — The former French Premier, M. Guy Mollet, on Wednesday became a Freeman of Tel Aviv, the 50th person of distinction to receive this honour.

This was "Mollet Day" in Tel Aviv-Jaffa, for in the morning the French Socialist leader was guest of honour at the Histadrut Central Committee. On both occasions, at the City Council Chambers and at the main offices of the labour federation, large crowds gathered to welcome the French statesman. During the afternoon he never gave a "triumphal" drive in an open limousine through the streets of the city, with large crowds of citizens applauding him as he passed.

M. Mollet, in accepting the Freedom of the City, declared: "Until now I did what I did for Israel in the defence of freedom; from now on I shall do so out of a deep personal sentiment and feeling." He went on: "I have never given up my belief in the nation fighting for its freedom, and during these ten days in Israel."

MALIK CALLED TRAITOR FOR TOAST TO PEACE

BEIRUT (AFP). — A majority of Deputies of the Lebanese Parliament on Wednesday demanded that former Foreign Minister Charles Malik be put on trial for treason and that he be stripped of his nationality for visiting the Israel Pavilion at the New York Trade Fair recently and drinking a toast there to peace in the Middle East.

Prime Minister Rashid Karameh, however, sided with those Deputies favouring a more moderate line and the Speaker, Adel Omeiri, called Malik, who is President of the U.N. General Assembly, requesting an immediate and full explanation of his visit to the Israel Pavilion.

Foreign Minister Hussein Awad on Tuesday night led the attack in the Chamber on Malik, describing his visit to the Israel Pavilion as "a shameful incident."

A defence of Malik came from Pierre Gemayel, Minister of Public Works and leader of the right-wing Phalangist Party.

Malik was "one of the world's great men," he wrote in the Beirut evening newspaper, "Le Soir." "I am sure many will blush at having been impetuous in their judgment and at having given a point to the Israelis."

The Israel Pavilion, he said, was strategically placed, and both sides should be heard before judgment was passed on Malik.

J.A. Plenary Approves Zionist Council Agenda

Jerusalem Post Reporter

The first session of the Plenary of the Jewish Agency Executive opened on Wednesday in Jerusalem, under the chairmanship of Dr. Nahum Goldmann. The meetings of the Executive are held in Jerusalem.

The agenda for the meeting of the Coordination Council, the Jewish Agency, and the Jewish Agency, which has been called for Monday morning, a press release stated. It also approved the agenda of the Zionist General Council, which is to convene in Jerusalem on May 31.

The Executive agreed to the proposal of Dr. Zvi Lurie that a recommendation be submitted to the Zionist General Council to convene the forthcoming Zionist Congress in July, 1960.

Mr. Moshe Kol submitted to the meeting the recommendations of the sub-committee on the Zionist Navigation Company brought about by the Government's assuming partnership in the company together with the Jewish Agency and the Hevrat Ovdim of the Histadrut.

Rasco Activities

The Executive also began its deliberations on the middle class agriculture and rural activities through Rasco.

In the afternoon session, the Executive began its deliberations on budgetary affairs.

The members of the Executive in America participated at the sessions are: Mrs. Rees Halprin (Chairman), Rabbi M. Kirshblum, Dr. Emanuel Neumann, Dr. Herta and Mr. Abraham Shenkar.

In the afternoon, a second draft budget for the 1959-60 fiscal year, amounting to IL228,000, was submitted by Treasurer Dr. Dov Joseph.

The previous draft was for IL210,311,000. The new budget includes a IL29m. item for immigrant housing.

A discussion of the budget proposals was begun at Wednesday night session and will continue Thursday morning.

J'm Bishop Visits Swinburn in Cairo

CAIRO (Reuters). — Mr. James Swinburn, 51-year-old British Episcopalian minister, was charged with the murder of a "good heart" by the Most Reverend Campbell MacInnes, Anglican Archbishop in Jerusalem, on Tuesday.

The Archbishop, now on a visit to Egypt, visited Mr. Swinburn in Tura jail.

Mr. Swinburn, the Cairo business manager of the Arab News Agency, was sentenced to five years' hard labour in June, 1957, after being found guilty of espionage by a Cairo court. He was arrested in August, 1956.

Anne Frank

hair framed an oval snub-nosed face, she wore no lipstick.

In Tel Aviv in the evening, Miss Perkins met a group of actresses who have played Anne Frank on the stage: Ada Tal (Hahinmah), Dina Peskin Doron (New York), Janet Goldfarb (Zurich), Miriam Roja (Hungarian theatre, Tel Aviv), and Ina Carmel (Yiddish, Tel Aviv).

Miss Perkins told The Jerusalem Post that she prepared for the role by reading the "Diary" as well as a reference work on the Nazi occupation given her by the film's director, George Stevens. She said she planned to stay in films and would probably start shooting her next picture, "The Diary of Anne Frank," at the end of the summer.

"I said 'no' to other offers of movie roles until Anne Frank came along," said Miss Perkins. "I have a special feeling about this and felt strongly that this was something worthwhile doing."

On Friday, Miss Perkins will leave Israel for a tour of several European countries in connection with the showing of the 20th Century Fox film.

The five Anne Franks exchanged autographs and promised to write each other.

Miss Perkins wore a Yemite-style blouse she bought earlier in Jerusalem.

Work Starting on 29 New Plants; to Provide 6-7,000 Jobs

Jerusalem Post Economic Reporter

Work is due to begin within the next two months on the construction of 29 new industrial plants which will provide employment for an estimated 6-7,000 workers. This was announced on Wednesday by the Minister of Commerce and Industry, Mr. Pinhas Sapir, at a press conference in Jerusalem.

Mr. Sapir said this represented an unprecedented rate of industrial expansion and included such plants as the IL4m. textile combine in Dimona and woolen and cotton mills in Beerot and Beersheva. Other projects included the expansion of the two existing tanneries; the building of a fourth plywood factory in Ashdod; the Kaiser-Frazer Pazard metal plant in Ashkelon, and the sugar refinery in Kiryat Gat.

In addition, the Ministry hopes in the next few months to open a number of diamond polishing workshops in Beersheva, Eilat, Ashdod and Jerusalem.

Diamond Exports Up — Mr. Sapir disclosed that diamond exports this year are estimated to reach \$40m., compared with \$35m. in 1958 and some \$20m. in 1957.

Mr. Sapir said that during the lifetime of the present Government, since 1955, his Ministry had achieved its four major goals:

1. The labour force engaged in industry had risen from 115,000 at the end of 1955 to 145,000 at the end of 1958. It is estimated that this increase of 25,000 will rise by the end of 1959 to 165,000.

2. Industrial production had risen over the past three years by 42.5 per cent, and by the end of the four year period will have grown by 60 per cent. This represents a growth of about 15 per cent in industrial production during the past three years.

3. The rate of growth in industrial production has been maintained at a high level, and the Ministry has succeeded in increasing the rate of growth to 15 per cent.

4. Industrial exports will have increased by 50 per cent, from an estimated \$10m. in 1955 to an estimated \$150m. in 1959.

There has been a large-scale increase in industry in the development areas, where industrialization has become the main means of development.

Reviewing the financial aspect of the development campaign, Mr. Sapir said that of a total of about IL40m. loaned by his Ministry, only IL19,000 had to be written off as a loss.

Added to that during 1958, IL150m. were invested in industry, of which Government loans amounted to about IL40m.

Lower Levy on Tuna To Cut Retail Price

Jerusalem Post Reporter

The lower levy on tuna fish should reduce the retail price from about 2.5 a kilo to between IL2.30 and IL2.50 per kilo, the Ministry of Commerce and Industry announced today.

The Ministry on Tuesday announced that it had reduced the special protective tax on tuna from 2.5 a kilo to 1.100 a kilo to 800 pruta. It is hoped that the drop in demand for tuna during the summer months, will force wholesalers and retailers to pass down by a sum greater than the net reduction in the levy.

DRILLING SUSPENDED AT BROR VII

ASHKELON. — The Masada oil company has suspended drilling at the Bror VII site after strata structure tests showed that the site was completely different from the other oil producing bores in the Heletz field. (Itm)

Industrialists Heirs Appeal to Court

TEL AVIV. — The heirs of the late Taher Karaman, a Haifa industrialist, on Wednesday filed an appeal with the Tel Aviv District Court to issue a declaratory judgment that the managers of the Even Vassid Company were not authorized to act according to orders from the Histadrut or Solel Boneh.

The company had been made part of the Building Section in last year's Solel Boneh reorganization. The appellants claim that they had been misled into selling their shares in the company to Solel Boneh following Taher Karaman's death. They are asking that these shares be restored to their ownership. (Itm)

MONEY CIRCULATION DOWN BY IL2.7M.

Currency in circulation fell by IL2,706,211 during the week ending Tuesday to stand at IL290,000,418, the Bank of Israel announced on Wednesday. Gold reserves increased by IL52; while foreign currency reserves declined by IL251,243; and Treasury bills and promissory notes by IL2,355,000.

A.J.C. Won't Join Agency Advisory Unit

NEW YORK (INA). — Possible aid to Israel by the American Jewish Committee was pledged on Tuesday by Mr. Herbert H. Goldhamer, newly-elected President of the organization, at a press conference held here. However, Mr. Goldhamer added that the American Jewish Committee does not intend to participate in any project advisory committee for the Jewish Agency. The new president of the Committee said that his organization is now engaged in long-range plans to end anti-Semitism in the U.S.

Cargal Bnei Brak Plant Closing

Jerusalem Post Reporter

BNEI BRAK. — The Cargal factory in Bnei Brak will be liquidated and full compensation paid to the workers. This was announced on Wednesday by Mr. Pinhas Sapir, Minister of Commerce and Industry, at a meeting in Jerusalem with Mr. M. Halkin, Secretary of the Bnei Brak Labour Council, and member of the Cargal Workers' Committee.

The new American owners have decided to concentrate all their efforts in making the new up-to-date Cargal plant in Lydda a going concern. About half of Bnei Brak's 150 workers will be able to find jobs in Lydda if they so desire, the Minister promised.

The Jerusalem Post learns that Cargal has debts of about IL10m., of which IL2.5m. is owed the Government. This sum is secured by mortgage on fixed assets worth between IL5m. and IL7m.

Five Bus Passengers Hurt on Acre Road

HAIFA. — Five bus passengers were injured, one of them badly, in an accident at kilometre 5 on the Haifa-Acre road at 11:30 yesterday morning.

The badly injured man, Yishak Zim, 38, of Jerusalem, was taken to the Rothschild Hospital suffering from a broken shoulder. The other four were sent home after receiving first aid.

The accident occurred when a car made a sudden left turn, and a lorry behind it braked to stop and rammed into the lorry.

C.M.B. Not Ordering Bruce Boxes—Sapir

Jerusalem Post Reporter

The Citrus Marketing Board, after having induced the Government to support the establishment of Bruce boxes, has brought the manufacturers to the verge of bankruptcy by not following through with orders for the coming citrus season, Mr. P. Sapir, the Minister of Commerce and Industry, charged at a press conference in Jerusalem on Wednesday.

Mr. Sapir said that at the height of the controversy over the use of cartons for citrus packing, the Board approached the Ministry and asked the Government to aid in the establishment of factories to produce Bruce boxes, which the C.M.B. claimed are superior to the cartons and could replace the 74-inch wood box. It was agreed that for the 1959-60 citrus export season, the C.M.B. would order six million Bruce boxes (the equivalent of three million cases). Despite the failure of Cargal, as a result of which no cartons will be used, the C.M.B. has now also cancelled its orders for Bruce containers.

Unless orders are still placed all Israel citrus will be shipped next year in the large cases assembled locally from imported lumber.

Locusts Swarms in Dead Sea Area

BEERSHEVA. — Two swarms of yellow locusts settled near Sdom on Wednesday, while a smaller swarm was reported near Eilat and another at Dimona.

Plant Protection Department teams left immediately for the affected areas and began spraying operations.

38 Years, 5719, 14 Nisan, 1959

FOR almost a decade, Abba Eban has formally represented Israel in the U.S.

DECADE IN the U.S. and the termination of his duties there today will mark the end of a significant period.

During this time we have moved from the Yishuv to a newly emerged as a national entity to a full-fledged nation that has acquired weight within the area as a result of its political and military stability.

There could be no such rapid progress without up and down in relations with the power most closely concerned, the United States, which helped Israel to become established; threatened not to recognize its existence in 1948 if Arab opposition erupted into fighting; recognized it later; opposed the fighting that resulted from attacks on Israel's borders; intervened in the Suez Campaign to rescue Nasser; and throughout both gave direct financial aid and helped its great Jewish population to give aid individually.

Throughout this period Mr. Eban formally represented Israel to the United States. If the State Department did not always support our point of view, and when it did, it was not for lack of a reasoned presentation of our position. This was made easier for Mr. Eban by his ability to grasp and live the realities of American policy and in turn interpret them to the Jewish Ministry. He was some years ahead, for instance, of most Israelis and many of our friends abroad in appreciating the straight lines and ultimate wisdom of Mr. Dulles' policies and what seemed his excessive concentration on the needs of the Cold War to the exclusion of everything else. Without his evaluation of American trends and policies a rift might have developed between the United States and ourselves on several occasions. In a sense this part of Mr. Eban's work was taken for granted and here he was not a free agent, of course, but always a loyal servant of his government. He became a genuine part of the U.S. as an individual in the United States through his ability to persuade and stir nations on our behalf at the U.N., where he represented the Yishuv before even the Partition vote was taken, and where he later became a member with personal influence and following that far outstripped Israel's political weight among the member states.

His popularity with American Jewry, organized and unorganized, grew to extraordinary proportions. If any American Jew harbored secret doubts concerning the viability and security of Israel, Mr. Eban's brilliant successes as Israel's Ambassador and as U.N. Representative served to convince him that we shall not only survive and grow, but that we shall also be "accepted," a concept that has become most important to the citizens of the American continent, and to its Jews above all.

It was owing to this remarkable success in his missions to the United States, the United Nations and American Jewry that Mr. Eban remained in Washington, year after year, for a far longer period than is now customary for ambassadors. His return to Israel is anticipated with the greatest of interest for he is, after all, known here personally only from his service in the British Army during the War, and his visits since, and from the days when he chose to throw in his lot with the Zionist Movement, just after the War when our stocks stood lowest.

By temperament an analyst rather than an activist, there is a wide field open to Mr. Eban in which there are not many who can match his powers. If it will not be easy to replace him fully either in Washington or in New York, and impossible to replace him in the hearts of American Jewry, he will be an unquestioned asset back in the councils of Israel.

Communism's New Eastern Frontier

India Takes Peaceful Measures to Combat Infiltration

By CYRIL DUNN

NEW DELHI (OFNS). —

WHAT difference has Tibet made to China's prospects of a new empire in the East?

The Indian Government is not thinking about the future in such old-fashioned terms as not publicly, at all events Mr. Nehru may be relied upon to go on steadfastly applying the Five Principles of Peaceful Coexistence to India's relations with China, but it may turn out that he is wrong in supposing Communism to be capable of compromise. In that event, as China takes all Tibet into her embrace the new frontier between China and India must become political topography of the first importance for the West.

This frontier is united under various forms of Indian control, but it is not a solid one. In the centre there are three old mountain kingdoms — Nepal, Sikkim and Bhutan — which have been brought under the Indian Empire by the British. To the north of these are the Karakoram mountains, and to the east the Patkai Bumai range. Both to the West and to the East the massive wings are purely Indian territories.

The front starts in the West with the Ladakh region of Kashmir, which runs up against the Soviet Union, and then runs down the line of the Karakoram mountains to link up with the Tibetan border in the Patkai Bumai range. to this task has succeeded some of her most gifted sons. Curiously enough, what has hampered this enterprise has not been any strong local yearning after remote Mongolian roots, but a precisely opposite sentiment. Because the main road out of India has run this way for generations, bringing with it all the blessings of the modern world, the Sikhs have fallen into the habit of under-valuing their own assets and attributes and of supposing that all good things — such as plastic braces, wrist watches and records of film music — come from India.

Basic Belief

But in the end we must come back to the fact that India does not regard herself as being in a military situation facing China. This is not because those who govern India are naive enough to suppose that their country is not threatened. Nor is it simply that the wish to stand defenceless before all menaces. It is, after all, a main hope of the world's idealism that India is applying a new method to international affairs and at the heart of this method is the Indian belief that "non-violence is a force, not an attitude" and in Balachandra Rajan's words this force must in the end "purify the image of injustice, till he who created it can no longer endure it."

Yet India
